

Purigenex Introduces

Age Reverse™

“The Ultimate Anti-Aging Serum”

Age Reverse™ is a highly advanced anti-aging serum formulated by Dr. Susanne Bennett for Purigenex, to optimize healing and rejuvenation of aging skin.

Age Reverse™ serum can plump and increase skin volume, smooth out wrinkles and uneven texture, tighten sagging skin, reduce discolorations and even reverse sun damaged tissue.

Age Reverse™ is a proprietary formula that contains a blend of SUPER Antioxidants, Plant Stem Cells, Vitamins and Phytonutrients within a patent-pending Phospholipid Nanosphere Delivery System.

Age Reverse™ includes the following science-based dermaticals:

- **Reduced Glutathione** - The Master of All Antioxidants: protects cells from the free radicals produced through oxidization
- **Edelweiss Stem Cells (Leontopodium Alpinum)** - “Adaptogen of the Alps”, Reduces eye contour wrinkles, minimizes daily collagen breakdown, and prevents loss of firmness.
- **CoEnzyme Q10** - The Super Free-Radical Scavenger and Energizer
- **Alpha Lipoic Acid** - Anti-inflammatory and Antioxidant agent
- **Magnesium Ascorbyl Phosphate** - stable form of Vitamin C boosts the production of new collagen and elastin, anti-inflammatory
- **Pine Bark Extract** - proanthocyanidins that diminish sun damaging effects and inhibits collagen and elastin degradation
- **Resveratrol**- a polyphenol with high antioxidant activity that prevents UV and cellular damage
- **Green Tea Extract** - inhibits collagenase, the enzyme that causes degradation of collagen and vascular endothelium, also prevents UVB ray damage
- **Vitamin D3** - fat soluble vitamin with anti-inflammatory and immune stimulating benefits for the skin
